A semi-circular color calibration chart, often called a Munsell Color Services Lab chart, is shown. It features a wide range of color patches arranged in a fan shape, covering the visible spectrum from reds and oranges to blues and greens. A color calibration target, which is a small rectangular strip with a series of color patches and a grayscale, is placed over the lower right portion of the chart.

A collage of various colored and textured fabrics. The top row shows smooth fabrics in shades of yellow, orange, red, pink, and blue. The middle row features woven fabrics with a distinct grid pattern in colors like grey, red, and orange. The bottom row includes smooth fabrics in green, pink, and blue, as well as a textured grey fabric. The fabrics are arranged in vertical strips, some overlapping, showcasing a wide range of colors and textures.
